Proposed Auckland Unitary Plan

Submissions on Proposed RUB able to be mapped North, West & Waiheke Island

Hearing Topic 0016

By necessity the information on RUB related submissions in the SDR is partial and it should not be used without reference to the submissions themselves. Many submissions are not specific about the land affected by the relief they are seeking and where descriptions are vague this has not been captured in the SDR. Also, many rural properties are divided into multiple parcels and zones and many submissions seek different zonings for different parts of properties which also cannot be readily identified.
